Frequently asked questions

Q. I have a DSAR, how do I begin?

A. If the preliminary steps for the DSAR are complete (e.g. acknowledging the DSAR, setting the deadline, assessing the scope, etc.), simply upload the data to our portal and we'll take it from there. If you require support with any preliminary steps, Shoosmiths LLP's leading Privacy & Data team can help you.

Q. Is the fee really fixed?

A. Yes. We know our clients want to know how much the DSAR will cost from the outset, and SmartSAR provides that certainty. Not only this, our fixed fee is based on the document volume post our powerful cleansing process (typically reducing the document size by 50-95%), meaning our quotes are based on a significantly reduced data set, and not the large volume of data you start with.

Q. I am worried about commercially sensitive information being disclosed to the data subject. Can SmartSAR help with this?

A. Yes. Our meticulous redaction process ensures that only the data that needs to be provided is actually provided to the data subject. In addition, we will flag and discuss sensitive documents with you before any disclosure is made.

Q. The deadline is only a few days away, are we too late?

A. We can move quickly. If the deadline is near, we will expedite our services to ensure that your DSAR is fulfilled in the shortest time possible.

Q. Can we have a demo of SmartSAR?

A. SmartSAR isn't a self-service SaaS product, it's a fully managed service. You give us the data, we will then review, redact and deliver the documents, it's that simple. We would be happy to provide a demo of the data upload and download features. Otherwise, all the work is done behind the scenes.

Q. The circumstances surrounding the DSAR are complex, can SmartSAR help?

A. We have seen every type of DSAR imaginable. From the simple, to the most complicated and contentious. Combining our expertise and experience, SmartSAR will take the problem off your hands.

Q. Can I really walk away after Step 1 if I don't like the fixed fee quote

A. Yes, you can, and if you don't like our fixed fee quote you can walk away with nothing to pay, but we are very confident that with our redaction process you will not receive a more cost effective fixed fee quote anywhere else.

Q. Some of my documents are not in English. Can SmartSAR help?

A. Yes. SmartSAR offers the review and redaction of documents in any language.
